DOWNLOAD THE CHURCH APP

We have launched a new “Church Center” application to provide you access to the church calendar, event registrations, join church groups and tithe/contribute easily. You can download this application from your smart phone’s App Store. Locate and download “church center” and follow directions to find our Aldersgate page. You can also scan the QR code located in the right margin of this paragraph. Be sure to upload your family’s pictures once you have the App.

CHURCH CENTER DIRECTORY

If you haven't already, please accept the invitation to publish your information on the Church Center Directory. You should have received an email asking for your permission – just click the link and follow the instructions. If you are having trouble accessing the directory, please contact the church office for assistance. Our new church directory does not share telephone numbers with other members, like our old system. To find phone numbers, you can email them or talk directly to them and save it in your phone or contact list.

PUSH NOTIFICATIONS

Stay up on any important announcements from Aldersgate. Make sure you have enabled ‘Push Notifications’ through your Church Center App and in the settings on your device so you don’t miss important announcements regarding church emergencies or closure.
